SKILLS

- Python
- Java
- HTML, CSS, Javascript
- Google Data Analytics (Basics)
- MySQL
- PHP

CERTIFICATIONS

- Python certification (DataFlair) | 2023
- C Programming certification (DataFlair) | 2023
- Naan Mudhalvan Robotic Process Automation Foundation Course(UiPath Automation) | 2023
- Naan Mudhalvan Google Data Analytics Course (Google) | 2024
- Naan Mudhalvan Google Cloud Engineering Course (Google) | 2025

PROFILE

Enthusiastic and quick learner with a background in Computer Science. Proficient in Java and Python, with practical experience creating responsive and user-friendly web interfaces using HTML, CSS, and JavaScript. Eager to continuously learn and contribute effectively to organizational growth

WORK EXPERIENCE

Ormatrix , Software company. 2025
Cuddalore

During my internship at Ormatrix, I worked as a Web Development Intern, where I gained hands-on experience in building and maintaining websites using HTML, CSS, and PHP. This opportunity allowed me to apply my academic knowledge in a real-world environment and enhance my technical and problem-solving skills.

- Used PHP to create dynamic web pages and integrate server-side functionality such as form handling and database operations.
- Worked with MySQL databases to store and retrieve user data for dynamic content.
- Worked closely with team members to plan, design, and complete fully functional websites, ensuring timely delivery and quality standards.

EDUCATION

Krishnasamy college of Engineering and Technology

B.E - Computer Science and Engineering and Technology, Cuddalore | Percentage: 7.67

Atchaya Mandir Higher Secondary School
Chidhambaram

Higher secondary in Computer science | Percentage: 72

Secondary in Computer science | Percentage: 76.2

PROJECTS

- UiPath automation | 2023
 - Developed workflows in UiPath Studio to automate repetitive tasks and applied basic RPA concepts.
- Experience Based Project Learning: Autonomous Vehicle | 2023
 - Explored sensor integration, automation, and control concepts related to autonomous vehicle systems.
- Google Data Analysis: Exploratory Data Analysis | 2023
 - Performed data cleaning, preprocessing, and EDA to identify patterns and generate insights.
- Portfolio Website | 2025

WORKSHOP

Scode Software Solutions (GenAI Expo) - Organised by Krishnasamy college of Engineering and Technology | April 2025
